Comments:

The address side of the FPCA carrier envelope is not changed to early voting since the envelope is prescribed by Federal law.

The only change on this envelope reflects the new site of the Domestic Mail Manual by changing the site from DMM 137.3 to DMM 703.8.0. This change should be made when new carrier envelopes are ordered and the old supply is depleted.

Current form is 8/08. There have been a few tweaks in the Spanish on the FPCA carrier envelope since the 3/07 version.

Please use the 8/08 FPCA carrier envelope once your 3/07 stock is depleted.
