Texas Education Agency

Announcement of Revised Request for Applications Concerning the 2024-2025 Charter School Program Grant (Subchapters C and D)

Filing Authority. The availability of grant funds under Request for Applications (RFA) #701-24-111 is authorized by Public Law 114-95, Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act of 2015, Title IV, Part C, Expanding Opportunity Through Quality Charter Schools; Texas Education Code (TEC), Chapter 12; and 19 Texas Administrative Code, Chapter 100, Subchapter AA.

The Texas Education Agency (TEA) published Request for Applications Concerning the 2024-2025 Charter School Program Grant (Subchapter C and D) in the March 1, 2024 issue of the *Texas Register* (49 TexReg 1301).

TEA has revised this grant opportunity with multiple updates, as follows.

Eligible Applicants. TEA is requesting applications under RFA #701-24-111 from eligible applicants, which include open-enrollment charter schools that meet the federal definition of a charter school, have never received funds under this grant program, and are one of the following. (1) An open-enrollment charter school campus designated by the commissioner of education, for the 2023-2024, 2024-2025, or 2025-2026 school year, as a high-quality campus pursuant to 19 TAC §100.1033(b)(9) and (13). (2) Open-enrollment charter schools submitting an expansion amendment request and corresponding application for high-quality campus designation for the 2024-2025 or 2025-2026 school year by April 1, 2024, are considered eligible to apply for the grant. However, the commissioner must approve the expansion amendment request and designate the campus as a high-quality campus prior to the charter receiving grant funding, if awarded. (3) An open-enrollment charter school authorized by the commissioner of education under the Generation 28 charter application pursuant to TEC, Chapter 12, Subchapter D, that has never received funds under this grant program. (4) A campus charter school authorized by the local board of trustees pursuant to TEC, Chapter 12, Subchapter C, on or before April 1, 2024, as a new charter school, or as a charter school that is designed to replicate a new charter school campus, based on the educational model of an existing high-quality charter school, and that submits all required documentation as stated in this RFA. A campus charter school must apply through its public school district, and the application must be signed by the district's superintendent or the appropriate designee.

Important: Any charter school that does not open prior to Wednesday, September 3, 2025, after having been awarded grant funds, may be

required to forfeit any remaining grant funds, and may be required to reimburse any expended amounts to TEA.

Description. The purpose of the Texas Quality Charter Schools Program Grant is to support the growth of high-quality charter schools in Texas, especially those focused on improving academic outcomes for educationally disadvantaged students. This will be achieved through administering the 2024-2025 Charter School Program Grant (Subchapters C and D) to assist eligible applicants in opening and preparing for the operation of newly-authorized charter schools and replicated high-quality schools.

Dates of Project. The 2024-2025 Charter School Program Grant (Subchapters C and D) will be implemented during the 2024-2025 and 2025-2026 school years. Applicants should plan for a starting date of no earlier than July 1, 2024, and an ending date of no later than September 30, 2025.

Project Amount. Approximately \$13.4 million is available for funding the 2024-2025 Charter School Program Grant (Subchapters C and D). It is anticipated that approximately 14 grants will be awarded up to \$900,000. This project is funded 100% with federal funds.

Selection Criteria. Applications will be selected based on the ability of each applicant to carry out all requirements contained in the RFA. Reviewers will evaluate applications based on the overall quality and validity of the proposed grant programs and the extent to which the applications address the primary objectives and intent of the project. Applications must address each requirement as specified in the RFA to be considered for funding. TEA reserves the right to select from the highest-ranking applications those that address all requirements in the RFA.

TEA is not obligated to approve an application, provide funds, or endorse any application submitted in response to this RFA. This RFA does not commit TEA to pay any costs before an application is approved. The issuance of this RFA does not obligate TEA to award a grant or pay any costs incurred in preparing a response.

Applicants' Conference. A webinar will be held on Tuesday April 2, 2024, from 10:30 a.m. to 12:00 p.m. Register for the webinar at <https://zoom.us/meeting/register/tJwqdmrD0jH9PLfEstDq1WSd87m67xGmvS>. Deputy Director, Litigation

Texas Commission on Environmental Quality

Filed: March 12, 2024

Combined Notice of Public Meeting and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New Permit No. WQ0016386001

APPLICATION AND PRELIMINARY DECISION. JC Water Resource Recovery Facility, LLC, 525 South Loop 288, Suite 105, Denton, Texas 76205, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016386001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 108,000 gallons per day. TCEQ received this application on August 7, 2023.

The facility will be located approximately 0.25 miles east of the intersection of U.S. Highway 67 and County Road 1226, near the city of Cleburne, in Johnson County, Texas 76033. The treated effluent will be discharged to an unnamed tributary, thence to Robinson Branch, thence to Lake Pat Cleburne in Segment No. 1228 of the Brazos River Basin. The unclassified receiving water use is limited aquatic life use for the unnamed tributary and Robinson Branch. The designated uses for Segment No. 1228 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Cleburne Public Library, 302 West Henderson Street, Cleburne, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by a local legislator.

The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Monday, April 22, 2024 at 7:00 p.m.

Cleburne Conference Center (Cross Timbers Room)

1501 W. Henderson Street

Cleburne, Texas 76033

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or (800) RELAY-TX (TDD) at least one week prior to the meeting.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or

association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The TCEQ will hold a public meeting on this application because it was requested by a local legislator.

The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Thursday, April 18, 2024 at 7:00 p.m.

American Bank Convention Center (Henry Garrett Ballroom B and C)

1901 N. Shoreline Boulevard

Corpus Christi, Texas 78401

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or (800) RELAY-TX (TDD) at least five business days prior to the meeting.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed

issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. State of Texas Model Policies

Pursuant to Texas Occupations Code §§1701.167, 1701.4522, and 1701.4535 as added by Senate Bill 1445 (88R), the Texas Commission on Law Enforcement (Commission) is proposing model policies regarding Misconduct Allegations, Hiring Procedures, Personnel Files, and the Medical and Psychological Examination of a Licensee. These proposed model policies were developed with input from advisory committees.

The Misconduct Investigation, Hiring Procedures, and Personnel Files Advisory Committee was charged under Texas Occupations Code §§1701.4522 and 1701.4535 with developing model policies establishing procedures applicable to a law enforcement agency investigating alleged misconduct by a license holder employed by the agency, hiring a license holder, and maintaining personnel files with respect to a license holder.

The Examination of a Licensee Advisory Committee was charged under Texas Occupations Code §1701.167 with developing a model policy prescribing standards and procedures for the medical and psychological examination of new licensees, existing licensees, and licensees whose employing agency has reason to believe that a new examination is necessary (fitness-for-duty examination) to ensure the individuals are able to perform the duties for which the license is required.

Each law enforcement agency in Texas will be required to adopt and submit to the Commission these proposed model policies, or a substantively similar policy, if these proposed model policies are adopted by the Commission at the next regularly scheduled public meeting of the Commission on April 29, 2024.

These proposed model policies can be accessed through the Commission's website at <https://www.tcole.texas.gov/>, selecting About Us, then selecting The TCOLE Commission and its Members, and navigating down the page to the Public Comment section, or by using the below links.
