Omaha, Nebraska 68137

Hello,

Pursuant to Section 81.65 of the Texas Administrative Code, Election Systems & Software ("ES&S") has submitted to our office a request for an administrative certification of a minor modification.

The proposed modification, ECO #1185, replaces the motor mount assembly bracket for the paper path module on the ExpressVote. This modification is intended to address wear and tear on the paper path module motor mount bosses and simplify the repair process to avoid having to replace the entire side panel.

We have reviewed the materials you provided with your request, including the Pro V&V test report. Our voting system examiners reviewed the information submitted and agree that ES&S's proposed modification does not warrant additional examination, and that a full certification review is not required.

Based on the information provided by ES&S and the recommendations of the appointed voting system examiners, I hereby certify ES&S's request to allow for the proposed modification to all ES&S EVS systems deployed in Texas.

If you need additional information, please contact the Elections Division at 1-800-252-2216.

Sincerely,

A handwritten signature in cursive script that reads "Christina W. Adkins".

Christina Worrell Adkins  
Director of Elections
