Dear Kim Steg,

Congratulations! You have been appointed as a public officer serving the state of Texas. Before performing your notarial duties, there are four steps you need to complete:

1. [Go to our website to download your commission](#). If you do not already have an account, you will be asked to create one. Once downloaded you will not have access to the file without purchasing an additional commission.
2. Take the Oath of Office located on your commission in front of an officer who is authorized to administer oaths. You may take and complete your oath in front of another notary public, but you may not administer your own oath. You are required to keep your commission and have it available to show when you perform notarial services. **Do not send your commission to the Office of the Secretary of State.**

2. On the download page, click the Download Commission button to retrieve your Commission document. **IMPORTANT: You may only download this document once, so be sure to save it in a secure location. If you misplace or lose this file, you will need to pay a fee for a replacement.**
