

Licensed or Certified Child Care Operations: Criminal History Requirements

Revised June 2026

Introduction:

In accordance with 26 Texas Administrative Code §745.661 (What types of criminal convictions may affect a subject's ability to be present at an operation?), this chart notes criminal convictions that may affect a person's ability to be present in the following types of Licensed or Certified Child Care Operations: Child-Care Centers, Licensed Child-Care Homes, School-Age and Before or After-School Programs, Shelter Care, Employer-Based Child-Care, General Residential Operations, and Child-Placing Agencies, excluding foster parents, adoptive parents, household members, and frequent/regular visitors in a foster or adoptive home. This chart also applies to persons applying for or seeking to maintain an administrator's license in accordance with §745.775.

The terms below have the following meaning when used in this chart:

- **Absolute Bar:** A person convicted of the crime is permanently prohibited from being present at the operation while children are in care, and the person does not qualify for a risk evaluation.
- **N/A:** There are two possible meanings for this term in this chart:
 - When used under a column related to a "felony" or "misdemeanor," the term is used because the crime does not have that offense level; and
 - When used under the column titled "If this person is eligible for a risk evaluation..." the term is used because a conviction for this offense is not eligible for a risk evaluation.
- **No Action Required:** No action is required if a person is convicted of the crime.
- **Risk Evaluation:** A person convicted of this crime is eligible for a risk evaluation unless the person has another background check result that is an absolute bar. A risk evaluation will consider all of the person's background check results.
- **Risk Evaluation if conviction was in the last 10 years:** An approved risk evaluation is required for the person to be present at the operation only if the conviction date is within the last 10 years from the date the background check eligibility is determined. After the 10 years have passed, the particular crime only requires an action by HHSC if the person is on parole for a felony offense.

- **5-Year Bar; Risk Evaluation between 5 & 10 Years:** A person convicted of the crime is prohibited for 5 years from being present at the operation while children are in care. After the first 5 years have passed, the person requires an approved risk evaluation for the next 5 years. After the total 10 years have passed, the crime no longer requires an action by HHSC unless the person is on parole for a felony offense.
- **5- or 10- Year Bar; Risk Evaluation Thereafter:** A person convicted of the crime is prohibited for 5 or 10 years from being present at the operation while children are in care. The person requires an approved risk evaluation for the conviction after that time period has passed.

The following assumptions apply to the chart:

- This chart applies to criminal history checks for the operation types listed above per 26 Texas Administrative Code, Chapter 745, Licensing, Subchapter F, Background Checks.
- Time limits are based on the date of conviction. When a final disposition has not yet been rendered, an arrest or charge for an offense listed on this chart may affect a person's ability to be present at an operation if:
 - a conviction would bar the person from being present permanently or on a time-limited basis;
 - a conviction would prohibit the person from being present pending the outcome of a risk evaluation; or
 - the Centralized Background Check Unit (CBCU) determines that the person poses an immediate threat to the health or safety of children, as outlined in Texas Administrative Code §745.751.
- Although the crimes listed in this chart reflect only offenses in Texas statutes, the same outcomes apply to similar criminal offenses under the laws of another state or federal law. When determining similarity, CBCU considers the definition and language of the offense, the circumstances of the offense, how it relates to Texas statutes, and if a victim was a minor.
- For purposes of a person's ability to be present at an operation, a Criminal Attempt conviction will be treated as falling under same code section as the offense that was attempted. Examples:
 - A conviction for Attempt to Commit Murder would be treated in the same manner as Murder and would result in an absolute bar.
 - A conviction for Criminal Conspiracy or Criminal Solicitation will be treated as falling under the same section of the Penal Code as the offense that was the subject of the conspiracy or the solicitation.
- In accordance with 26 Texas Administrative Code §745.661(c), a person currently on parole for any felony offense not otherwise barrable must have an approved risk evaluation prior to being present at an operation.
- In accordance with 26 Texas Administrative Code §745.663(2), a deferred adjudication community supervision for an offense is always a criminal conviction with respect to HHSC's decision to issue or deny the subject a permit or to revoke the subject's permit, regardless of whether the court has dismissed the proceedings and discharged the subject after the subject successfully completed the terms of community supervision.

|---|--|---|--|---|--|---|
| Varies – Any offense not otherwise listed on this chart that HHSC determines is a financial crime | Varies | Risk Evaluation if conviction was in the last 10 years†† | No Action Required†† | 10-Year Bar; Risk Evaluation Thereafter†† | Risk Evaluation†† | Yes^^ |
| Varies – Any offense not otherwise listed on this chart | Varies | Risk Evaluation if conviction was in the last 10 years†† | No Action Required†† | Risk Evaluation if conviction was in the last 10 years†† | No Action Required†† | No |

** These offenses require a risk evaluation regardless of time if there is a financial component to the crime.

These offenses result in a 10-year bar and Risk Evaluation thereafter if there is a financial component to the crime.

† These offenses result in a bar based on federal requirements set forth in 42 U.S. Code §9858f(c).

†† These convictions may result in an absolute bar depending on the circumstances of the offense based on federal requirements set forth in 42 U.S.C. §9858f(c)(1). Felonies committed involving murder, child abuse or neglect, crimes against children, spousal abuse, rape or sexual assault, kidnapping, arson or physical assault or battery are subject to an absolute bar. Violent misdemeanors committed as an adult against a child, or misdemeanors involving child pornography are subject to an absolute bar.

^ While these offenses are not normally prosecuted as misdemeanors, if the charge is reduced to a misdemeanor per *TPC 12.44(b)*, HHSC will take the action described in the "Misdemeanor (Includes All Levels Unless Otherwise Specified)" column.

^^ Even though persons may be present at a child-care operation pending the outcome of the risk evaluation, HHSC may place conditions or restrictions on a person's duties in order for the person to be present at the operation.
