

Foster or Adoptive Placements: Criminal History Requirements

Revised June 2026

Introduction:

In accordance with 26 Texas Administrative Code §745.661 (What types of criminal convictions may affect a subject's ability to be present at an operation?), this chart notes criminal convictions that may affect a person's ability to be present in Agency Foster and Adoptive Homes, including when the foster or adoptive parents are unrelated to the child and when the foster or adoptive parents are either related to or have a longstanding relationship with the child. This chart includes foster parents, adoptive parents, household members, and frequent/regular visitors in a foster or adoptive home.

The terms below have the following meaning when used in this chart:

- **Absolute Bar:** A person convicted of the crime is permanently prohibited from being present at the operation while children are in care, and the person does not qualify for a risk evaluation.
- **N/A:** There are two possible meanings for this term in this chart:
 - When used under a column related to a “felony” or “misdemeanor,” the term is used because the crime does not have that offense level; and
 - When used under the column titled “If this person is eligible for a risk evaluation...” the term is used because a conviction for this offense is not eligible for a risk evaluation.
- **No Action Required:** No action is required if a person is convicted of the crime.
- **Risk Evaluation:** A person convicted of this crime is eligible for a risk evaluation unless the person has another background check result that is an absolute bar. A risk evaluation will consider all of the person's background check results.
- **Risk Evaluation if conviction was in the last 10 years:** An approved risk evaluation is required for the person to be present at the operation only if the conviction date is within the last 10 years from the date the background check eligibility is determined. After the 10 years have passed, the crime no longer requires an action by HHSC unless the person is on parole for a felony offense.
- **5- or 10- Year Bar; Risk Evaluation Thereafter:** A person convicted of the crime is prohibited for 5 or 10 years from being present at the operation while children are in care. The person requires an approved risk evaluation for the conviction after that time period has passed.
- **5-Year Bar; Risk Evaluation between 5 & 10 Years:** A person convicted of the crime is prohibited for 5 years from being present at the operation while children are in care. After the first 5 years have passed, the person requires an approved risk evaluation for the next 5 years. After the total 10 years have passed, the crime no longer requires an action by HHSC unless the person is on parole for a felony offense.

The following assumptions apply to the chart:

- This chart applies to criminal history checks for foster parents, adoptive parents, household members, and frequent/regular visitors in a foster or adoptive home per 26 Texas Administrative Code, Chapter 745, Licensing, Subchapter F, Background Checks.
- Time limits are based on the date of conviction. When a final disposition has not yet been rendered, an arrest or charge for an offense listed on this chart may affect a person's ability to be present at an operation if:
 - a conviction would bar the person from being present permanently or on a time-limited basis;
 - a conviction would prohibit the person from being present pending the outcome of a risk evaluation; or
 - CBCU determines that the person poses an immediate threat to the health or safety of children, as outlined in Texas Administrative Code §745.751.
- Although the crimes listed in this chart reflect only offenses in Texas statutes, the same outcomes apply to similar criminal offenses under the laws of another state or federal law. When determining similarity, CBCU considers the definition and language of the offense, the circumstances of the offense, how it relates to Texas statutes, and if a victim was a minor.
- For purposes of a person's ability to be present at an operation, a Criminal Attempt conviction will be treated as falling under the same code section as the offense that was attempted. Examples:
 - A conviction for Attempt to Commit Murder would be treated in the same manner as Murder and would result in an absolute bar.
 - A conviction for Criminal Conspiracy or Criminal Solicitation will be treated as falling under the same section of the Penal Code as the offense that was the subject of conspiracy or the solicitation.
- In accordance with 26 Texas Administrative Code §745.661(c), a person currently on parole for any felony offense not otherwise barrable must have an approved risk evaluation prior to being present at an operation.

* These offenses result in an absolute bar if they involve child abuse or neglect, spousal abuse, a crime against children, or violence including sexual assault or homicide as set forth in 42 USC §671(a)(20)(A)(i).

These offenses result in a 5-year bar if they involve assault or drug-related offenses as set forth in 42 USC §671(a)(20)(A)(ii).

† These offenses result in a bar based on federal requirements set forth in 42 U.S. Code §671(a)(20)(A).

^ While these offenses are not normally prosecuted as misdemeanors, if the charge is reduced to a misdemeanor per *TPC 12.44(b)*, HHSC will take the action described in the "Misdemeanor (Includes All Levels Unless Otherwise Specified)" column.

^^ A foster or adoptive home cannot be verified or approved until all background checks on household members have been cleared, which includes the approval of any required risk evaluations. When this column says "yes" a person may be present at the foster or adoptive home while children are in care pending the outcome of the risk evaluation, this refers to already verified or approved foster or adoptive homes., HHSC may place conditions or restrictions on a person in order for the person to be present at the foster or adoptive home.
