The petition was filed pursuant to Article XVI, §59 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ. The territory to be

included in the proposed District is depicted in the vicinity map designated as Exhibit "A", which is attached to this document. The petition further states that the proposed District will: (1) purchase, construct, acquire, improve, or extend inside or outside of its boundaries any and all works, improvements, facilities, plants, equipment, and appliances necessary or helpful to supply and distribute water for municipal, domestic, and commercial purposes; (2) collect, transport, process, dispose of, and control domestic and commercial wastes; gather, conduct, divert, abate, amend, and control local storm water or other local harmful excesses of water in the proposed District; (3) design, acquire, construct, finance, improve, operate, and maintain macadamized, graveled, or paved roads and turnpikes, or improvement in aid of those roads; and (4) purchase, construct, acquire, improve, or extend inside or outside of its boundaries such additional facilities, systems, plants, and enterprises as shall be consistent with all of the purposes for which the proposed District is created. Additionally, it is further proposed that the proposed District be granted road powers pursuant to Texas Water Code, Section 54.234.

According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioner that the cost of said project will be approximately \$20,470,000 (\$12,800,000 for water, wastewater, and drainage plus \$7,670,000 for roads).
