Settlement Notice

The State of Texas gives notice of the following proposed resolution of an environmental enforcement action under the Texas Water Code and the Texas Health and Safety Code. Before the State may enter into a voluntary settlement agreement, pursuant to Section 7.110 of the Texas Water Code, the State shall permit the public to comment in writing. The Attorney General will consider any written comments and may withdraw or withhold consent to the proposed agreement if the comments disclose facts or considerations indicating that consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the law.

Case Title and Court: *Texas Commission on Environmental Quality v. Union Pacific Railroad Company, et al.*; Cause No. D-1-GN-17-003918; in the 250th Judicial District, Travis County, Texas.

Background: The State filed the suit on behalf of the Texas Commission on Environmental Quality ("TCEQ") on August 8, 2017, for a Superfund cost recovery action seeking to recover cleanup costs incurred at the Woodward Industries, Inc. Proposed State Superfund Site in Nacogdoches County, Texas ("Site"). Defendant Union Pacific Railroad Company, successor to the Texas & New Orleans Railroad Company, Southern Pacific Company, and Southern Pacific Transportation Company are former owners at this Site where East Texas Wood Treating Company, and subsequently Woodward Industries, conducted wood treatment operations. As a result of these operations, the soil at the Site became contaminated with pentachlorophenol. In 1982, Woodward Industries, Inc. discontinued wood treatment operations at the Site. The TCEQ conducted multiple remedial investigations of the Site between April 2009 and August 2010 and on July 11, 2011, the TCEQ began conducting removal and clean-up actions.

Proposed Settlement: The parties propose an Agreed Final Judgment against Union Pacific in the amount of One Million Two Hundred Thousand Dollars (\$1,200,000.00), inclusive of costs and fees.

For a complete description of the proposed settlement, the agreed judgment should be reviewed in its entirety. Requests for copies of the proposed judgment and settlement, and written comments on the same, should be directed to Katie Hobson, Assistant Attorney General, Office of the Attorney General of Texas, P.O. Box 12548, MC 066, Austin, Texas 78711-2548; (512) 463-2012; facsimile (512) 320-0911; email Katie.Hobson@oag.texas.gov. Written comments must be received within 30 days of publication of this notice to be considered.

Correction of Error

The Texas Commission on Environmental Quality (TCEQ) proposed new 30 TAC §§101.700 - 101.718 in the May 16, 2025, issue of the *Texas Register* (50 TexReg 2925). Due to an error by the Texas Register, a link was omitted from the text of the preamble. The link was omitted from the third paragraph in the second column on page 50 TexReg 2938. The paragraph should have read as follows:

FCAA, §185 requires the annual fee to be adjusted by the consumer price index (CPI) and cross references the methodology in FCAA, §502(b)(3)(B)(3)(v). The method described in FCAA, §502 requires the fee to be adjusted annually per the CPI for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of each calendar year. FCAA, §185 requires these fees to be assessed on a calendar-year basis, and the inflation factor based on the CPI is applied in September for the fiscal year (based on the previous September through August data). Therefore, the calendar year Failure to Attain Fee is determined as a weighted monthly average (two thirds of the fee associated with January through August and one third of the fee associated with September through December). For example, a 2028 calendar-year fee would span the 2028 fiscal year and the 2029 fiscal year. Thus, a calendar-year 2028 fee requires two thirds of the annual CPI ending in August 2028 and one third of the annual CPI ending in August 2029. The commission proposes this methodology to calculate the fee from EPA's guidance memo (Page 10, available at (https://www.epa.gov/sites/default/files/2015-09/documents/1hour_ozone_nonattainment_guidance.pdf)). The proposed fee calculation uses the 40 CFR Part 70 Presumptive Minimum fee basis from EPA's guidance memo. The Part 70 fee rate is published annually by EPA and is available at (<https://www.epa.gov/title-v-operating-permits/permit-fees>). The Part 70 fee is the rate used to calculate emissions-based fees for Part 70 permit programs. Rather than calculating the rate directly from the CPI, the proposed method uses the Part 70 fee rate published by EPA. The Part 70 fee already has the required CPI adjustment incorporated into it.

Tax Relief for Pollution Control Property Advisory Committee Request for Nominations

The Texas Commission on Environmental Quality (TCEQ) is currently accepting nominations for seven members to the Tax Relief for Pollution Control Property Advisory Committee (advisory committee) to serve four-year terms, beginning January 1, 2026, through December 31, 2029.

The following affiliation positions need to be filled on the committee: three industry representatives, two appraisal district representatives, one taxing unit representative, and one independent technical expert. Current advisory committee members whose terms are expiring may nominate themselves for reappointment and must be nominated to be considered for reappointment.

In 1993, Texas voters approved Proposition 2 (Prop 2), amending the Texas Constitution to authorize the Texas Legislature to exempt from ad valorem taxation "all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by an environmental protection agency of the United States, this state, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution." The Texas Legislature implemented Prop 2 by enacting Texas Tax Code, §11.31. TCEQ adopted 30 Texas Administrative Code (TAC) Chapter 17, implementing Texas Tax Code, §11.31 and establishing the procedures for obtaining a "positive use determination" under the Tax Relief for Pollution Control Property Program. The goal of the program is to provide tax relief to individuals, companies, and political subdivisions that make capital investments to meet or exceed federal, state, or local environmental rules or regulations.

In 2009, Texas Tax Code, §11.31 was amended to require TCEQ to form a permanent advisory committee to make recommendations to TCEQ commissioners on matters relating to property tax exemptions for pollution control property. TCEQ commissioners appoint advisory committee members to serve four-year staggered terms.

The nomination form and instructions are provided on TCEQ's website at https://www.tceq.texas.gov/airquality/taxrelief/advisory_group.html. Completed nomination forms must be submitted to TCEQ by 5:00 p.m. CDT on July 8, 2025. Nominations received after that date will only be considered if there are insufficient qualified nominees. Individuals may nominate themselves or someone else to the advisory committee, but TCEQ asks that only interested persons be nominated.

Questions regarding the advisory committee nomination process should be directed by phone to Melissa Altman of the Tax Relief Program at (512) 239-1407 or by e-mail to txrelief@tceq.texas.gov.

If more than one name appears on the back of the Scratch Ticket, the Executive Director will require that one of those players whose name appears thereon be designated by such players to receive payment.

Public Hearing Notice - Statewide Transportation Improvement Program May 2025 Revision

The Texas Department of Transportation will hold a public hearing on Tuesday, June 24, 2025, at 10:00 a.m. to receive public comments on the proposed May 2025 Revision to the Statewide Transportation Improvement Program (STIP) for FY 2025 - 2028. The hearing will be conducted via electronic means. Instructions for accessing the hearing will be published on the department's website at: <https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

The STIP reflects the federally funded transportation projects in the FY 2025 - 2028 Transportation Improvement Programs (TIPs) for each Metropolitan Planning Organization (MPO) in the state. The STIP includes both state and federally funded projects for the nonattainment areas of Dallas-Fort Worth, El Paso, Houston and San Antonio. The STIP also contains information on federally funded projects in rural areas that are not included in any MPO area, and other statewide programs as listed.

Title 23, United States Code, §134 and §135 require each designated MPO and the state, respectively, to develop a TIP and STIP as a condition to securing federal funds for transportation projects under Title 23 or the Federal Transit Act (49 USC §5301, et seq.). Section 134 requires an MPO to develop its TIP in cooperation with the state and

affected public transit operators and to provide an opportunity for interested parties to participate in the development of the program. Section 135 requires the state to develop a STIP for all areas of the state in cooperation with the designated MPOs and, with respect to non-metropolitan areas, in consultation with affected local officials, and further requires an opportunity for participation by interested parties as well as approval by the Governor or the Governor's designee.

A copy of the proposed May 2025 Revision to the FY 2025 - 2028 STIP will be available for review, at the time the notice of hearing is published, on the department's website at: <https://www.txdot.gov/inside-txdot/division/transportation-planning/stips.html>.

Persons wishing to speak at the hearing may register in advance by notifying Enyu Li, Transportation Planning and Programming Division, at (512) 416-2298 no later than 12:00 p.m. on Monday, June 23, 2025.

Speakers will be taken in the order registered and will be limited to three minutes. Speakers who do not register in advance will be taken at the end of the hearing. Any interested person may offer comments or testimony; however, questioning of witnesses will be reserved exclusively to the presiding authority as may be necessary to ensure a complete record. While any persons with pertinent comments or testimony will be granted an opportunity to present them during the course of the hearing, the presiding authority reserves the right to restrict testimony in terms of time or repetitive content. Groups, organizations, or associations should be represented by only one speaker. Speakers are requested to refrain from repeating previously presented testimony.

The public hearing will be conducted in English. Persons who have special communication or accommodation needs and who plan to participate in the hearing are encouraged to contact the Transportation Planning and Programming Division, at (512) 416-2298. Requests should be made at least three working days prior to the public hearing. Every reasonable effort will be made to accommodate the needs.

Interested parties who are unable to participate in the hearing may submit comments regarding the proposed May 2025 Revision to the FY 2025 - 2028 STIP to Humberto Gonzalez, P.E., Director of the Transportation Planning and Programming Division, P.O. Box 149217, Austin, Texas 78714-9217. In order to be considered, all written comments must be received at the Transportation Planning and Programming office by 4:00 p.m. on Monday, July 7, 2025.
