| Activity Category                       | Specific Activities Included                                                                                                                                                                                                                                                                              |
|-----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anatomical Education                    | Dissection by faculty, staff and students in an accredited educational program; observation of dissection; identification of anatomical structures; preparation of prosections; cross-sectional and regional anatomy; comparative anatomy with imaging; cadaveric anatomy review by health professionals. |
| Surgical Training                       | Hands-on surgical skills training; cadaveric surgical courses; new-procedure, revision, and complication-management training; team-based and simulated operating-room training; training using fluoroscopy, ultrasound, navigation, or robotic systems on a cadaver.                                      |
| Medical Device & Technology Development | Device testing, validation, and verification; fit and feasibility studies; usability testing; implant placement and removal practice; instrument development; biomechanical evaluation; testing of imaging, robotic, AI, or navigation systems; pre-market and post-market evaluation.                    |
| Research                                | Anatomical, tissue, cellular, and biomechanical research; pharmacological and toxicological research; novel preservation techniques; comparative-effectiveness and translational research; disease-pathology and surgical-outcomes research using cadaveric models.                                       |
| Experimentation                         | Experimentation on a body or anatomical specimen to further medical or forensic science, as expressly authorized by §691.033(a), including testing or developing new or modified techniques, devices, materials, procedures, preservatives, or methods.                                                   |
| Forensic Science                        | Decomposition and taphonomy studies; forensic anthropology and pathology training; entomology research; trauma-pattern analysis; human-remains-detection canine training; forensic odontology.                                                                                                            |

|                                |                                                                                                                                                                                                                                                                                                                                                                                                |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Mortuary Science Education     | Funeral-services, embalming, and restorative-arts training; mortuary practicum; preparation-room procedures; chemistry of preservation.                                                                                                                                                                                                                                                        |
| Preparation & Preservation     | Embalming and arterial preservation using approved methods by a licensed embalmer under Chapter 651, Occupations Code; fresh-frozen preservation; perfusion using non-preservation methods; plastination; partial preservation; preparation for transport or dissection; thawing and reconditioning; antimicrobial or anti-decomposition treatment such as cleansing the exterior of the body. |
| Disarticulation & Segmentation | Disarticulation and segmentation of a whole body into anatomical specimens; separation of organs and structures; defleshing; preparation of skeletal and teaching specimens.                                                                                                                                                                                                                   |
| Transport & Storage            | Transport to and between authorized recipients; cold-chain and frozen storage; packaging and repackaging; container labeling consistent with §691.031(a)(2); transport across state lines or internationally consistent with applicable law.                                                                                                                                                   |
| Documentation & Media          | Photography, videography, imaging, scanning, and other recording for educational, research, training, or documentation purposes consistent with donor consent under §691.028 and §206.7 of this title (relating to Educational Use of Anatomical Material; Prohibition of Public Display), including obscuring identifying features when displayed beyond direct educational use.              |
| Disposition                    | Cremation; cremation with return of cremated remains; burial; disposition of derived specimens consistent with donor consent.                                                                                                                                                                                                                                                                  |
| Incidental & Necessary         | Activities reasonably incidental or necessary to any activity above, including handling by trained personnel, infection-control and biohazard management, and inter-facility coordination.                                                                                                                                                                                                     |

|                 |                                                                                                      |
|-----------------|------------------------------------------------------------------------------------------------------|
| Special Project | Activities incidental to a purpose not known at the time of donation and approved by the commission. |

[Figure: 30 TAC §335.521(a)(1)]

**Appendix 1, Table 1.**

Constituents of Concern and  
Their Maximum Leachable Concentrations.

Values are based on information contained in *Federal Registers* Vol. 55 / Friday, July 27, 1990; Vol. 56 / June 7, 1991; and Integrated Risk Information Systems, U.S. Environmental Protection Agency, and 40 CFR 264 Appendix 9.

| Compound                       | CAS No.        | Concentration<br>(mg/l) |
|--------------------------------|----------------|-------------------------|
| Acenaphthene                   | 83-32-9        | 210                     |
| Acetone                        | 67-64-1        | 400                     |
| Acetonitrile                   | 75-05-8        | 20                      |
| Acetophenone                   | 98-86-2        | 400                     |
| Acrylamide                     | 79-06-1        | 0.08                    |
| Acrylonitrile                  | 107-13-1       | 0.6                     |
| Aniline                        | 62-53-3        | 60                      |
| #Anthracene                    | 120-12-7       | 1050                    |
| Antimony                       | 7440-36-0      | 1                       |

| Constituents listed from Department of Transportation Regulations, 49 CFR Part 173 Subpart E, October 1, 1993. (Note: The presence of a constituent on this table in a nonhazardous waste does not automatically identify that waste as a Class 1 ignitable waste. The constituents on this table are examples of materials which could be considered Class 1 ignitable waste. The physical characteristics of the waste will be the determining factor as to whether or not a waste is ignitable. Refer to §335.505(2) of this title (relating to Class 1 Waste Determination) for the Class 1 ignitable criteria.[] |
| Compound or Material                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

|                                                                                                                                                     |
| LIQUIDS                                                                                                                                             |
|                                                                                                                                                     |
| INORGANIC LIQUIDS - Waste that is primarily inorganic and highly fluid (e.g., aqueous), with low suspended inorganic solids and low organic content |
| 101 Aqueous waste with low solvents                                                                                                                 |
| 102 Aqueous waste with low other toxic organics                                                                                                     |
| 103 Spent acid with metals                                                                                                                          |
| 104 Spent acid without metals                                                                                                                       |
| 105 Acidic aqueous waste                                                                                                                            |
| 106 Caustic solution with metals but no cyanides                                                                                                    |
| 107 Caustic solution with metals and cyanides                                                                                                       |
| 108 Caustic solution with cyanides but no metals                                                                                                    |
| 109 Spent caustic                                                                                                                                   |
| 110 Caustic aqueous waste                                                                                                                           |
| 111 Aqueous waste with reactive sulfides                                                                                                            |
| 112 Aqueous waste with other reactives (e.g., explosives)                                                                                           |
| 113 Other aqueous waste with high dissolved solids                                                                                                  |
| 114 Other aqueous waste with low dissolved solids                                                                                                   |

|                                                                                                                                            |
|--------------------------------------------------------------------------------------------------------------------------------------------|
| 115 Scrubber water                                                                                                                         |
| 116 Leachate                                                                                                                               |
| 117 Waste liquid mercury                                                                                                                   |
| 119 Other inorganic liquids (Specify in Comments)                                                                                          |
| 198 Nonhazardous photographic chemical wastes (inorganic)                                                                                  |
| 199 Brine solution that could also bear the form code 113                                                                                  |
|                                                                                                                                            |
| ORGANIC LIQUIDS - Waste that is primarily organic and is highly fluid, with low inorganic solids content and low-to-moderate water content |
| 201 Concentrated solvent-water solution                                                                                                    |
| 202 Halogenated (e.g., chlorinated) solvent                                                                                                |
| 203 Non-halogenated solvent                                                                                                                |
| 204 Halogenated/non-halogenated solvent mixture                                                                                            |
| 205 Oil-water emulsion or mixture                                                                                                          |
| 206 Waste oil                                                                                                                              |

|                                                                                                                                          |
|------------------------------------------------------------------------------------------------------------------------------------------|
| 207 Concentrated aqueous solution of other organics                                                                                      |
| 208 Concentrated phenolics                                                                                                               |
| 209 Organic paint, ink, lacquer, or varnish                                                                                              |
| 210 Adhesives or epoxies                                                                                                                 |
| 211 Paint thinner or petroleum distillates                                                                                               |
| 212 Reactive or polymerizable organic liquids                                                                                            |
| 219 Other organic liquids (Specify in Comments)                                                                                          |
| 296 Ethylene glycol based antifreeze                                                                                                     |
| 297 Nonhazardous liquids containing greater than or equal to ( $\geq$ ) [( )] 50 and less than ( $\leq$ ) [( )] 500 ppm PCBs             |
| 298 Nonhazardous liquids containing greater than or equal to ( $\geq$ ) [( )] 500 ppm PCBs                                               |
| 299 Nonhazardous photographic chemical waste (organic)                                                                                   |
|                                                                                                                                          |
| SOLIDS                                                                                                                                   |
|                                                                                                                                          |
| INORGANIC SOLIDS - Waste that is primarily inorganic and solid, with low organic content and low-to-moderate water content; not pumpable |
| 301 Soil Contaminated with organics                                                                                                      |
| 302 Soil contaminated with inorganics only                                                                                               |
| 303 Ash, slag, or other residue from incineration of wastes                                                                              |
| 304 Other "dry" ash, slag, or thermal residue                                                                                            |
| 305 "Dry" lime or metal hydroxide solids chemically "fixed"                                                                              |

|                                                                                                                                           |
|-------------------------------------------------------------------------------------------------------------------------------------------|
| 306 "Dry" lime or metal hydroxide solids not "fixed"                                                                                      |
| 307 Metal scale, filings, or scrap                                                                                                        |
| 308 Empty or crushed metal drums or containers                                                                                            |
| 309 Batteries or battery parts, casings, cores                                                                                            |
| 310 Spent solid filters or adsorbents                                                                                                     |
| 311 Asbestos solids and debris                                                                                                            |
| 312 Metal-cyanide salts/chemicals                                                                                                         |
| 313 Reactive cyanide salts/chemicals                                                                                                      |
| 314 Reactive sulfide salts/chemicals                                                                                                      |
| 315 Other reactive salts/chemicals                                                                                                        |
| 316 Other metal salts/chemicals                                                                                                           |
| 319 Other waste inorganic solids (Specify in Comments)                                                                                    |
| 388 Empty or crushed glass containers                                                                                                     |
| 389 Nonhazardous sandblasting waste                                                                                                       |
| 390 Nonhazardous concrete/cement/construction debris                                                                                      |
