Adopted Rule Reviews

Texas State Library and Archives Commission

Title 13, Part 1

The Texas State Library and Archives Commission (TSLAC) adopts the review of Texas Administrative Code, Title 13, Part 1, Chapter 10, Archives and Historical Resources, in accordance with Texas Government Code §2001.039.

Notice of the review of this chapter was published in the June 26, 2026, issue of the *Texas Register* (51 TexReg 4217) for the purpose of receiving public comment. The comment period ended July 26, 2026. TSLAC did not receive any comments regarding the notice of review.

TSLAC reviewed Chapter 10 in accordance with Texas Government Code §2001.039 and determined that the reasons for adopting these rules continue to exist. Therefore, TSLAC readopts Chapter 10 in its entirety. However, TSLAC did identify several needed amendments and is proposing those amendments in this same issue of the *Texas Register*.

This concludes TSLAC's review of 13 TAC Chapter 10 as required by Texas Government Code §2001.039.

§746.4207, Do these indoor activity space requirements apply to my child-care center if it was licensed before September 1, 2003?;

§746.4213, How does Licensing determine the indoor activity space?;

Texas Workforce Commission

Title 40, Part 2

The Texas Workforce Commission (TWC) adopts the reviews of the following chapters:

--Chapter 801, Local Workforce Development Boards

--Chapter 803, Skills Development Fund

--Chapter 805, Adult Education and Literacy

--Chapter 815, Unemployment Insurance

--Chapter 839, Apprenticeship Programs--Additional

The proposed notice of intent to review rules was published in the August 21, 2026, issue of the *Texas Register* (51 TexReg 5558).

PUBLIC COMMENTS

The public comment period closed on September 21, 2026. Pursuant to Texas Government Code, §2001.039, the purpose of a rule review is strictly to assess whether the reasons for initially adopting a chapter continue to exist; substantive amendments cannot be adopted through a rule review notice. Therefore, TWC readopts these chapters without changes at this time. TWC will retain all operational and procedural suggestions for consideration during future substantive rulemaking for the respective chapters.

No comments were received on the Chapter 803 and 839 reviews.

TWC received comments on the reviews of Chapters 801 and 805 from Dee Patience and Chapter 815 from Policy Field Notes.

Comment on Review of Chapter 801

COMMENT: The commenter recommended that TWC clarify certification and monitoring standards under §§801.23 - 801.25 to ensure that "direct linkages" effectively connect customers to knowledgeable staff within a reasonable time frame. The commenter expressed concern that relying on online referral resources can result in broken connections, citing personal testing of external websites, and suggested that TWC establish specific testing schedules, assign testing responsibilities, and define corrective actions for failed connections.

RESPONSE: The Commission appreciates the commenter's feedback. Under §801.23, direct linkage requires connection to program staff who

can provide meaningful information and services, and explicitly excludes merely providing a telephone number, website, pamphlet, or informational materials. Local Workforce Development Boards must maintain compliance with Comprehensive Center requirements under §801.24 and §801.25.

Comment on Review of Chapter 805

COMMENT: The commenter recommended addressing potential service gaps in Chapter 805 for young adults with disabilities who hold a high school diploma and are not basic-skills deficient, suggesting rule amendments, guidance, or interagency procedures to provide connections to Vocational Rehabilitation (VR) or other workforce programs. The commenter also requested clarification and increased public reporting under §805.42 regarding employment outcomes rather than program outputs.

RESPONSE: The Commission appreciates the commenter's feedback. Eligibility for Adult Education and Literacy (AEL) programs is established in accordance with federal requirements under Workforce Innovation and Opportunity Act WIOA, §203, as reflected in §805.3. For individuals who do not meet federal AEL eligibility requirements, grant recipients are instructed to refer participants to appropriate workforce pathways, including VR. Regarding outcome reporting, AEL performance measures, including employment outcomes, are tracked and publicly reported through the federal National Reporting System. Additionally, program performance targets and outcomes are published in the AEL Performance Guide and made available on TWC's website.

Comment on Review of Chapter 815

COMMENT: Policy Field Notes recommended that TWC adopt procedural rules in Chapter 815 to preserve an impartial tribunal under §303(a)(3) of the Social Security Act (42 USC, §503(a)(3)) when TWC is itself the employer-party in an unemployment compensation claim. The commenter noted that TWC serves as employer, adjudicator, and reimbursing entity under Texas Labor Code, §205.041, and suggested adopting rules requiring internal separation of functions, screening firewalls, and on-record disclosures when TWC is the former employer.

RESPONSE: The Commission appreciates the commenter's feedback. TWC maintains established administrative and adjudicative procedures to ensure fair hearings before an impartial tribunal. Section 815.16(2) provides recusal procedures to address personal interest or bias, while review by the three-member Commission and the right to judicial review in state district court under Texas Labor Code, Chapter 212, ensure independent oversight.

TWC has assessed and determined that the reasons for adopting the rules in Chapters 801, 803, 805, 815, and 839 continue to exist and therefore readopts these chapters.
